

The New Policies of The Mutual Life Insurance Co. Of New York

Have been carefully drawn so as to avoid as far as possible the use of unnecessary technical terms. The agreements and privileges are clearly and precisely stated, and the contract may be easily understood by its possessor.

They are the best of life insurance contracts and are issued by the BEST of all the companies in the world.

LIMITED PAYMENT LIFE POLICY.

By the terms of this contract the amount of the insurance is payable upon the death of the insured, and the premiums are payable during a limited number of years—twenty, fifteen or ten years.

The Limited Payment Life Policy is in many respects and for a large class of insurers a most desirable contract, providing as it does that the premiums shall all be paid in the early and productive years of life, thus the policy becomes fully paid up for the whole amount in a fixed number of years. Dividends are payable annually, or at the end of 5, 10, 15 or 20 years.

HOW MUCH WILL IT COST?

Between the ages of 25 and 31 years, inclusive, SIX TO SEVEN CENTS A DAY will be the "first cost" of \$1000 good life insurance.

Between the ages of 32 and 37 years, SEVEN TO FIFTEEN CENTS A DAY.

Between the ages of 38 and 43 years, SIXTEEN TO TWENTY-NINE CENTS A DAY.

Is there any healthy man or woman in America at work for wages who can not afford this "first cost" of a good \$1000 policy in the best and strongest company on earth?

A little self-denial in small things—pleasant things, perhaps, but unnecessary things—will pay the bill easily.

Different forms of policy cost various prices.

OUR TWENTY-YEAR DISTRIBUTION POLICY on continuous life and limited payment plans affords the maximum of security at the minimum of cost.

OUR GUARANTEED INCOME POLICY provides a guaranteed income, secure investment, and absolute protection.

OUR ENDOWMENT POLICY provides a certain guaranteed sum, payable with profits at a fixed time.

OUR 4 AND 5 PER CENT. BONDS furnish the best and most effective forms of indemnity and fixed annual income to survivors.

OUR CONTINUOUS INSTALLMENT POLICY so adjusts the payment of the amount insured as to create a fixed income during the life of the beneficiary.

OUR ANNUITY POLICIES offer an excellent opportunity for persons to obtain a high rate of interest on their capital for the remainder of life; an income safe beyond mishap. This form of investment is particularly recommended to those who desire to make provision for declining years, and to be free from business cares.

We have prices to fit all known wants. All we want to know is what you want. If you do not know, tell us enough of your condition and surroundings and we can suggest the policy best suited to your purpose.

Rates and guarantees cheerfully furnished on application.

HYLO LAMPS TURN DOWN AT WILL

THE HYLO LAMP is known as the lamp that turns up and down as needed. Its principal virtue is that of economy. There is no valid reason why you should go on paying for 16-candle power when 1-candle power at certain times would suffice for your needs.

HYLO LAMPS turn down from 16-candle power to 1-candle power and can be used wherever an ordinary electric incandescent lamp is used. For a sick room, where a dim, steady light is a necessity, the value of the HYLO LAMP cannot be overestimated.
